Be sure to click on the Helicopter Tours option for our normal flights which are available every day of the week out of Janes Field which is also known as the Anoka County Blaine Airport. Blaine is a northern suburb of Minneapolis. **This location does not accept any walk-up or unscheduled flights.** Feel free to call to inquire about the short notice availability options.

We also offer our most popular tours out of St. Paul Downtown Airport, also known as Holman's Field Airport which is located in downtown Saint Paul. We operate out of the St. Paul Downtown Airport lobby at the terminal building which is right next to the entrance of the restaurant called Holman's Table. Because we are based in the heart of downtown St. Paul located right next to the Mississippi River, these flights are our least expensive option for sightseeing tours. These scenic flight tours are only available every Friday & Saturday starting at 3 pm and ending at 9 pm. We list these flights as Holman's Table Tours on our website. All flights are weather dependent for safety and for you to have an enjoyable experience that most people remember for a lifetime.

All scenic tour pricing is in the four-seat helicopter which can carry up to three passengers besides the Pilot. We have no age limitations but we do recommend ear or hearing protection for very young smaller children in case the noise-canceling headset that we provide is too large. This four-seat helicopter is called a Robinson R44 Raven II and can carry up to three passengers who average around 200 pounds each or two 300 pound passengers per flight. If you have more than three passengers we normally suggest back to back flights since this is more cost-effective than using the

larger seven-seat or six-passenger Bell B206L3 Jet Ranger AKA Bell Long Ranger helicopter since it is over twice the price with a one-hour minimum.
